

## Client Assessment:

Mattawa Community Medical  
Clinic  
Mattawa, WA

Submitted by:

Dana Fox

Executive Director

Mattawa Community Medical Clinic

Mattawa, WA

Merritt Hawkins, the nation's leader in physician search and consulting, also has developed the most comprehensive and effective system for recruiting advanced practitioners such as physician assistants (PAs) and nurse practitioners (NPs). In the following client assessment, Dana Fox, Executive Director for Mattawa Community Medical Clinic in Mattawa, Washington, explains how Merritt Hawkins' helped her facility find an advanced practitioner that fit the clinic's mission-oriented culture. Merritt Hawkins is proud to be **the sole permanent physician recruiting partner of the National Association of Community Health Centers (NACHC)** and to assist Federally Qualified Health Centers (FQHCs) in accomplishing their mission of providing quality, accessible care to traditionally underserved populations.

"Before we contacted Merritt Hawkins, we were struggling to find a mid-level provider, such as a physician assistant or nurse practitioner, for our clinic. Due to our geographic location and the size of our facility, we were working with a small candidate pool."

"Merritt Hawkins was very active in responding to our needs. They were able to provide candidates very quickly that fit into our community and our profile. **Merritt Hawkins worked night and day to find candidates and they were always available to speak to us and answer questions.**"

"**Unlike other firms we have worked with in the past, Merritt Hawkins did their research** and made sure that the candidates that they sent to us were good "fits" for our small clinics, not just candidates to fill a hole."

"Merritt Hawkins did an excellent job, and I would gladly recommend them to others. We would definitely work with Merritt Hawkins again when another need appears."
